

Career Objective

I am an accomplished Designer with a true passion for what I do. I have designed hundreds of Mediterranean style homes, multiple CMS/blog style websites and several graphic design projects. I am seeking to advance my experience in a team collaborative environment where my creativity can be challenged and where innovation becomes the solution.

Career Development

The Drawing Board, Inc. - St. George, Utah April
2001 - Present

Owner

Managed every aspect of business operations. Completed many "Parade of Homes" entries, speculative homes and personal residences. Client satisfaction is the leading role in securing new jobs.

- Direct client interaction
- Precise deadline management
- Professional services collaboration
- Marketing campaign management
- Innovative design research
- Project budget adherence
- Construction document preparation
- Design code implementation
- Site plan studies
- Concept presentation
- Committee approvals

Andrews and Associates – St. George, Utah April 1999
- June 2002

Project draftsman

Completed Construction documents used to secure building permits for residential and some small commercial projects. At start of employment I was the only Draftsman using CAD. At end of employment I had led the revolution from board drafting to CAD drafting.
